1 General

- 1.1** The RMIPPPP satisfies the requirements of Section 10 of the Act as it applies a relevant Code of Good Practice issued in terms of the Act.
- 1.2** The DMRE, in its written application to specify qualification criteria for the RMIPPPP and deviate from the relevant code of good practice, has demonstrated how doing so continues to promote the objectives of the B-BBEE Act specifically and transformation in general.
- 1.3** I am satisfied that the application meets the requirements set out in section 9(6) and 10(2) of the Act respectively, and permission is therefore granted to the DMRE to specify qualification criteria covered by their application for the Risk Mitigation Independent Power Producer Procurement Programme, Tender No: DMRE001/2020/21 only.
- 1.4** The permission to specify qualification criteria, provided for above, is granted for the duration of the RMIPPPP or a 10-year period, whichever is shorter.
- 1.5** The permission for the deviation is subject to the following conditions:

particularly where designated groups will benefit through jobs, management positions, and procurement spending;

- 1.5.2** Job creation targets should be improved upon from existing requirements where South African skills are available; and
- 1.5.3** Local content requirements in respect of operations should be set wherever the technologies are available locally.
